Dear Mr DeFiore:

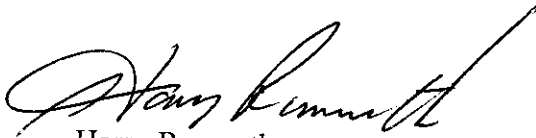

We purchase the **CLOUD NINE SALON & DAY SPA** located at 3211 No Tenaya Way Las Vegas. The previous owner held a special license to operate a **SPA**. The hours of operations is from 10:00 AM to 6:00 PM, Monday thru Saturday. We intend to continue the same schedule without any changes.

We are requesting a temporary license to continue the operation of this **SPA** until the application for a permanent license can be considered. This will allow us to continue the operation of the business and maintain the income to meet the **expenses**. If this special license is not granted, it will have a serious impact on a number of beauticians who depend on the business operations for their income. In addition, it will have a negative consequence as it pertains to the business viability.

Our sincere hope is to continue to operate this business as efficiently and effectively as possible.

Thank you for your consideration
